1) Yearly licenses are paid up-front. Begin date of the license is the activation date of the first device. After expiration licenses will be renewed for another year automatically if we haven't received a cancellation request. Each connected device (screen or app) needs a license.

All prices VAT exclusive. VAT will be added to EU customers based on the Member State VAT rate where the customer is located unless a valid VAT number is provided.

Quantity discounts:

Quantity discounts are available. Get in contact with your reseller to get an individual quote for your specific amount of devices.
